

WEEKLY UPDATE

February 23, 2021

Dear Residents and Families/Representatives,

There are currently no residents with confirmed cases of COVID-19 in the facility. Since the onset of this virus, we have had 24 residents and 16 staff members to test positive for COVID-19. The last resident was recovered on/about January 13th and we recently had a contract employee test positive on Tuesday, February 15th. Following the contract employee testing positive, we tested staff and residents and there were no additional cases confirmed.

The second Walgreens Mobile Pharmacy COVID-19 Vaccination Clinic was held on Wednesday, February 10th, and the third and final is scheduled for March 10th, 2021.

The Sunset Villa Team continues to work with Curative, a COVID-19 testing company, to test residents and staff weekly in accordance with the New Mexico Department of Health guidelines. At this time, the local county positivity rate for Chaves County continues to decline, standing at 1.5% as of February 22th.

As you all know, we continue to keep our residents in communication with their families via regular window visits and video/face time calls. Not to mention, we continue to make every effort to keep our residents engaged during this 2nd wave of COVID-19 by responding to their requests and preferences as timely as possible.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or test positive for COVID-19.

If you have any questions or concerns please contact us directly at (575) 500-0667.

Sincerely,

Carrie J. Hill

Carrie J. Hill
Interim Administrator
