

WEEKLY UPDATE

March 30, 2021

Dear Residents and Families/Representatives,

There are currently no residents with confirmed cases of COVID-19 in the facility. Since the onset of this virus, we have had 24 residents and 16 staff members to test positive for COVID-19. The latest resident was recovered on/about January 13th and the last employee recovered on February 25th.

The Sunset Villa Team continues to work with Curative, a COVID-19 testing company, to test residents and staff weekly in accordance with the New Mexico Department of Health guidelines. At this time, the local county positivity rate for Chaves County continues to remain below 1%.

As of March 26th, 2021, the facility has been cleared to have in-person visits. We are currently scheduling those visits on MWF's between the hours of 10a – 4p, with visits being limited to 2 hours for the time being. Family members must wear a mask while visiting the facility and will be screened prior to being escorted to the area that we have designated for visits.

To schedule a visit, responsible persons are encouraged to contact the facility to schedule one day in advance. Should you not be able to schedule a visit during the suggested timeframe, please let us know and we will do our best to accommodate you.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or test positive for COVID-19.

If you have any questions or concerns please contact us directly at (575) 500-0667.

Sincerely,

Carrie J. Hill

Carrie J. Hill
Interim Administrator
